*The local governing body of each school is responsible for maintenance of this scheme.*

#### **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that authorities should be clear and proactive about the information they will make public.

To do this the Trust must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our school websites to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

### 2. Aims and Objectives

**Vision Statement:** *"Caring, Collaborative and Excellent".*

The Trust aims to:

- Raise educational standards for all schools within the Trust.
- Deliver an excellent, comprehensive education for all the children in the schools within the Trust
- Develop and value all the staff within the Trust.
- Ensure the financial security of the Trust and all the schools within it.

and this publication scheme is a means of showing how we are pursuing these aims.

### 3. Categories of information published

*The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'*
